DETAILED ACTION

EXAMINER'S AMENDMENT

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: (1) a thermally separable material connecting the first door frame part and the second door frame part whereby the thermally separable material release the first door frame part from the second door frame part and where the first door frame part changes position relative to a second door frame part under predetermined thermal stress.

Claim 7 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: (1) connecting a first door frame part to a second door frame part with a thermally separable material whereby the thermally separable material releases the first door frame part from the second door frame part and where the first door frame part changes position relative to a second door frame part under predetermined thermal stress.

Claim 9 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth,
